**ENVIRONMENTAL POLICY
STATEMENT**

This policy statement applies to all offices, employees, and suppliers retained by comocom.

We recognize that our business activities have impacts on the environment and we are committed to continually improving our environmental performance and to working with our clients to help them reduce their environmental impacts. We are committed to regularly consulting with key stakeholders (particularly employees, clients and suppliers) on environmental issues and ensuring our environmental program is responsive to their feedback. We are committed to identifying and complying with all legal and other relevant requirements relating to the environmental impacts of our operations, and to the prevention of pollution through the adoption of appropriate controls.

We are committed to:

- Identify and implement energy saving initiatives within our of offices.
- Implement initiatives to minimize travel (and in particular air travel) and associated GHG emissions, without disrupting our ability to meet the demands of our clients.
- Implement initiatives to reduce the amount of waste we generate, and to maximize the percentage of our waste which is recycled.
- Consider, where possible, the environmental impacts and risks when working with clients, and manage our environmental impacts in accordance with this policy.
